**DIRECTIONS FOR USE**  
**RESTRICTED USE PESTICIDE**

This is a violation of Federal Law to use this pesticide off label. See labeling for details. This product is for use against adult stages of **Plutella xylostella (CABBAGE LOOPER)**, **Spodoptera exempta (CORN BORER)**, and **family lepidoptera in and around Orange County (Due To High Acute Inhalation Toxicity of Phosphine Gas)**

**WARRANTY—CONDITIONS OF SALE**

Our DIRECTIONS FOR USE of this product are subject to the conditions of sale. Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended and their effects, vary from one location to another. The extent to which this labeled pesticide will control or destroy any given pest or desirable plant is not warranted. The insecticide is not a substitute for good farming practices and/or clean farm management. Use of this product is at the user’s risk. **DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE AND DISPOSAL.** Do not handle or apply this product when there is likelihood of food or feed contamination. Do not store in buildings where humans or domestic animals reside.

**PHYSICAL AND CHEMICAL HAZARDS**

**FIRST AID**

**IF IN EYES:**

• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

• Do not induce vomiting unless told to do so by a poison control center or doctor.

• Move person to fresh air.

**IF ON SKIN OR CLOTHING:**

• Wash skin with soap and water or immediately rinse clothing in hot water.

• Do not induce vomiting unless told to do so by a poison control center or doctor.

• Do not inhale dust or mist.

**IF INHALED:**

• Move person to fresh air.

• If exposure exceeds 24 hours, or if person is fatigued, notify local physician immediately.

• Give complete rest for 1 to 2 days, during which the patient must be kept quiet and warm.

• For burn injuries, cover with sterile, non-adhesive dressings.

• For first-degree burns (redness and slight edema), apply cool water or ice to affected area for 15 to 20 minutes.

• For second-degree burns (reddened, painful, swollen and blistered skin), immerse affected area in cool (not cold) water for 15 to 20 minutes.

**IF SKIN OR CLOTHING:**

• Take off contaminated clothing.

• Go to hospital.

• For first-degree burns (redness and slight edema), apply cool water or ice to affected area for 15 to 20 minutes.

• For second-degree burns (reddened, painful, swollen and blistered skin), immerse affected area in cool (not cold) water for 15 to 20 minutes.

• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**NOTICE**

This product is highly toxic to wildlife. Non-target organisms exposed to phosphine gas will be killed. Do not apply this product to areas where livestock, birds, fish, or wildlife may be present.

**PRECAUTIONARY STATEMENTS**

**DANGER:** To humans and Domestic Animals

Do not get in eyes, on skin, or on clothing. Do not drink, do not smoke while handling aluminum phosphide fumigant. If a liquid alkali is splashed or a small amount of a solid is spilled, wash your skin with soap and water. Do not inhale dust or mist. If skin contact does not occur, wash exposed skin with soap and water. If skin exposure does not occur, wash exposed area with soap and water. If skin exposure occurs, wash affected area with soap and water. If skin exposure occurs, wash affected area with soap and water. If skin exposure occurs, wash affected area with soap and water.
